MILLIONS INVOLVED

The Battle Between the Old Jordan and Niagara.

REFEREE

LYLE'S DECIS

Gallgher et al. Get a Heavy Judgment Against the Yosemite-Third District Court-Probate Proceedings.

The trial of the case of the Old Jordan company vs. the Niagara company was resumed before Judge Anderson vesterony morning, and the importance of the action was indicated by the number of prominent attorneys engaged on either si e, and further by the cloud of noted mining experts in attendance as witnesses. It is, in fact, one of the most important mining suits ever tried in this city, and the amount at stake is estimated at over \$2,000,-000. The principal question involves is the old and intricate one of Apex, both sides claiming that it is in their ground, and it is upon this point that some of the most noted mining experts in the country have and mining experts in the country have and will testify. It is truly a battle royal, and to the Ningara, at least, is a matter of life or death. The Old Jordan company, or death. The Old Jordan company, which is made up of Prof. Holden and his sons, some time ago claimed that the Niagara people had made a raise and come up under the Old Jordan veb, and were taking out Old Jordan ore. Then an injunction was issued against the Niagara, and this action to determine the rights of the parties was commenced. The case is almost identical with the famous Bullion Beck and Euroka Hill. The plaintiff is represented by Bennett, Marshall & Br diey and Williams & Van Cott, while W. H. Dickson, W. C. Hall and Brown & Henderson appear for the defendant.

The proceedings opened yesterday with the Old Jordan at the bat, and Prof. Keys, of California, who is one of the best known experts in the country, took the stand. His testimony, although of a technical nature, was very interesting and important. Bert Holden and B. B. Van Dusen followed him, and Mr. Palmer was on the stand when the and Mr. Paimer was on the stand when the court adjourned. The most striking fea-ture of the day's proceedings was the brilture of the day's proceedings was the bruliant cross-examination of the experts for
the plaintiff by Mr. Dickson, and the
the plaintiff by Mr. Dickson, and the
Nisgara people must have been greatly
pleased with his work, for they were all in
high good humor when they left the
court room.
